

CURRICULUM VITAE

- Name:** JOHN DAVID BARROW
- Work Address:** Dept. of Applied Mathematics & Theoretical Physics, Centre for Mathematical Sciences, Cambridge University, Wilberforce Road, Cambridge CB3 0WA.
Tel: 01223-766696. Fax: 01223-765900.
Email: J.D.Barrow@damtp.cam.ac.uk
- Date of Birth:** 29th November 1952
- Place of Birth:** London, England
- Degrees:** BSc (Hons), Mathematics (University of Durham) 1974: 1st Class Honours.
DPhil, Astrophysics (University of Oxford) 1977. Thesis title: 'Non-Uniform Cosmological Models'. Supervisor: Professor D W Sciama FRS.
- Honorary Degrees:** D.Sc. University of Hertfordshire, 1999.
D.Sc. University of Szczecin, 2007.
D.Sc. University of Durham, 2008.
D.Sc. University of Sussex, 2010.
- Academic Career:** Ealing Grammar School 1964-71
Van Mildert College, Durham University 1971-4
Magdalen College & Dept. of Astrophysics, Oxford University 1974-7
Astronomy Dept., Univ. California Berkeley (Lindemann Fellow) 1977-8
Christ Church and Dept. of Astrophysics, Oxford (Junior Research Lecturer) 1977-80
Physics Dept., Univ. California Berkeley (Miller Fellow) 1980-1
Lecturer, Astronomy Centre, University of Sussex 1981-8
Nuffield Foundation Science Fellow, University of Sussex 1986-7
Senior Lecturer, Astronomy Centre, University of Sussex 1988-9
Reader, Astronomy Centre, University of Sussex, 1989
Professor, Astronomy Centre, University of Sussex 1989-99
Acting Director, Astronomy Centre, University of Sussex 1989-90
Royal Society Leverhulme Fellow, University of Sussex 1992-3
PPARC Senior Fellow, University of Sussex 1994-99
Director, Astronomy Centre, University of Sussex 1995-99
Professor of Mathematical Sciences, Dept. Applied Mathematics and Theoretical Physics, University of Cambridge, 1999-

Cambridge, 1999-
Director, Millennium Mathematics Project, University of
Professorial Fellow, Clare Hall, Cambridge 1999-
Vice President, Clare Hall, Cambridge, 2004-7.
Gresham Professor of Astronomy (and other Physical Sciences),
Gresham College, London 2003-7
First Eastern Visiting Cambridge Professor (China and Hong
Kong) 2005
Li Ka Shing Foundation Visiting Scholar (China and Hong Kong),
2006.
Fellow of Gresham College, 2007-10, 2012-15.
Emeritus Professor of Astronomy, Gresham College, 2007-8
Gresham Professor of Geometry, Gresham College, 2008-12
Emeritus Gresham Professor of Geometry, 2012-15
President, British Science Association, Physics and Astronomy
Section, 2008-9.
President, British Science Association Mathematics Section, 2011-
12.
Fellow, Gresham College, 2012-2015

Awards:

Durham University Mathematical Prize 1973.
Durham University Prize 1974.
Collingwood Mathematical Prize (Durham University and London
Mathematical Society) 1974.
Johnson Memorial Prize (Oxford University) 1975.
Wallace Research Prize (Oxford University) 1977.
Lindemann Fellowship of the English Speaking Union of the
Commonwealth 1977.
Junior Research Lectureship, Christ Church, Oxford 1977.
Gravity Prize (5th), Gravity Foundation Awards 1979.
Miller Fellowship, University of California at Berkeley 1980.
Gravity Prize (3rd), Gravity Foundation Awards 1981.
Nominated for the Bhappu Prize of the International Astronomical
Union by the Council of the Royal Astronomical Society 1986/7.
Nuffield Foundation Science Fellowship 1986/87.
Samuel Locker Award in Astronomy 1989.
Gravity Prize (4th), Gravity Foundation Awards 1993
Royal Society Leverhulme Senior Fellowship 1992/3.
PPARC Senior Fellowship (5 years) 1994-9
Templeton Award 1995.
Gravity Prize (5th), Gravity Foundation Awards 1997.
Gordon Godfrey Visiting Professor of Physics, University of New
South Wales, Sydney, 1998.
Kelvin Medal, Royal Glasgow Philosophical Society, 1999

Wellcome Sci-art 2000 Award, 2000
 Gordon Godfrey Visiting Professor, University of New South Wales, Sydney, December 2000.
 Italian Theatre Awards, Premi Ubu 2002 Prize for best play (awarded for *Infinites*).
 Gresham Professor of Astronomy, Gresham College, 2003-7
 Emeritus Gresham Professor of Astronomy, Gresham College, 2007-8
 Elected Fellow of the Royal Society (London), 2003
 Gordon Godfrey Visiting Professor of Physics, University of New South Wales, Sydney, November 2003.
 Italgas Prize for Promulgation of Science 2003, (awarded for *Infinites*).
 Lacchini Prize and Medal of the Unione Astrofili Italiani 2005.
 Honorary Concurrent Professor of Physics, University of Nanjing, China 2005-
 Queen's Anniversary Prize 2006 (to Millennium Mathematics Project).
 Templeton Prize, Templeton Foundation 2006.
 Honorary Citizen, City of Louisville, Kentucky 2006.
 Gresham Professor of Geometry, Gresham College 2008-11.
 Michael Faraday Medal and Prize, Royal Society 2008.
 Gresham Prize, Mercers Company and Corporation of London 2009 (also to Millennium Mathematics Project)
 Kelvin Medal and Prize, Institute of Physics, 2009.
 Elected Member of the Academia Europaea, 2009.
 L'Academie Internationale de Philosophie des Sciences, Titular Member, elected 2009.
 Premio Oriente Science (Prize), Colletti Foundation 2010.
 Merck-Serono Prize for Science and Literature, Merck-Serono, 2011.
 Gravity Research Foundation Research Essay 3rd prize 2011
 Christopher Zeeman Medal, London Mathematical Society and IMA, 2011
 Premio Antica Pignolo (Literary Prize), Venice 2012

Named Lectures: Centenary Gifford Lectures, Glasgow University 1989
 Elizabeth Scott Memorial Lecture, European Math. Society 1989
 Prime Minister's Science Seminar, 10 Downing St., 1989
 Collingwood Memorial Lecture, Durham University 1990
 Sigma-Tau-Laterza Lectures, University of Milan 1991
 George Darwin Lecture, Royal Astronomical Society 1992
 Spinoza Lecture, University of Amsterdam, Amsterdam 1993

University of London Annual Physics Lecture, Royal Holloway College, London. 1993
Elizabeth Spreadbury Lecture, University College London 1994
BBV Science Lectures, Madrid, Bilbao & Tenerife 1994
Royal Institution Evening Discourse, 1994
Robert Boyle Memorial Lecture, Oxford 1996
Amnesty International Science Lecture, Oxford University 1997
Benedum Lecture, University of West Virginia, 1997
Kelvin Lecture, Royal Glasgow Philosophical Society, 1999
Royal Society of Arts Children's Christmas Lecture 1999
Nicki Shaw Lecture, Cambridge 2000
London Mathematical Society Popular Lectures, Leeds, Glasgow, London, 2000
Flamsteed Lecture, University of Derby, 2000
Bologna 2000 Lecture, 2000
Tyndall Memorial Lecture, University of Bristol, 2001
Darwin Lecture, Darwin College, University of Cambridge, 2001
Whitrow Lecture, Royal Astronomical Society, 2002
Brasher Lecture, University of Kingston, 2002.
Gresham Lectures, Gresham College, London 2003-7
Isaac Newton Memorial Lecture, King's School Grantham, 2004
Hubert James Lecture, Purdue University, 2004
Carl Von Weizsäcker Lectures, Hamburg University, 2004
McCrea Centenary Lecture, Sussex, 2004.
Finnish International Year of Physics, Univ. Helsinki, 2005.
Wood Memorial Lecture, Newcastle University, 2005
Hamilton Lecture, Royal Dublin Society, Trinity College Dublin, 2005
Edinburgh Science Festival Address, St Giles Cathedral, 2005
Knight Lecture, Monkton College, Bath, 2006.
Borderlands Lecture, Durham University, 2007.
Boyle Lecture, St Mary-le-Bow, London, 2007.
Roscoe Lecture, John Moore's University, Liverpool, 2007.
Gunnar and Gunnel Källén Memorial Lecture, Lund, 2007.
Si-Wei Lectures, National Chengchi University, Taiwan, 2008.
Dennis Sciama Memorial Lectures, Oxford and Trieste, 2008.
David Phillips Memorial Lecture, Cardiff University, 2008.
Faraday Prize Lecture, The Royal Society, 2009.
Culford Scholars' Lecture, Culford School, 2009.
Presidential Lecture, BAAS Physics and Astronomy Section, Univ Surrey, 2009.
Tizard Lecture, Westminster School, 2010.
William Herschel Lecture, University of Bath, 2010.
Van Mildert Trust Lecture, Van Mildert College, University of Durham, 2010.

Marcello Anile Memorial Lectures, University Catania, 2011.
Gregynog Lecture, University of Aberystwyth, 2011.
Real Sociedad Matemática Española, Centenary Lecture,
Paraninfo, Univ. Zaragoza, 2011.
Zeeman Lecture, London math. Soc and Inst. Maths. & Its
Applications, Royal Society, 2012.
Bernard Lovell Lecture, Jodrell Bank, 2012.

Committees:

In-House Research Panel (APS Board of SERC) 1987-8
Voting delegate representing the Royal Society and the British
Academy, VIII International Congress on Logic, Methodology, and
Philosophy of Science, Moscow 1987
Steering Committee, UK Dark Matter Experiment 1988-9
Theory and Computation Panel (APS Board of SERC) 1988-92
Ground-based Programme Committee (APS Board of SERC)
1989-92
Anglo-German Gravitational Wave Panel (SERC member) 1990
Lisbon Particle Physics and Cosmology School, Organising
Committee, 1990
International Organising Committee, Texas Symposia on
Relativistic Astrophysics 1990-
Co-chair, Local Organising Committee, Texas/ESO-CERN
Symposium on Relativistic Astrophysics, Cosmology and
Fundamental Physics, Brighton 1991
Statistical Challenges in Modern Astronomy, Penn State 1991,
Programme Committee.
Brioni Conference on States of Matter in the Universe, 1991,
Organising Committee.
Gravitational Radiation Review Panel, (APS Board of SERC) 1994
European Union & Council of Europe SEPS Science Committee
1996-1998
Organising Committee M. Grossmann Meeting, Jerusalem 1997
Conference Organising Committee The Non-sleeping Universe,
Porto 1997
Board of European Advisors, Templeton Foundation 1995-8, 2000-
2004, 2006-9
Board of Trustees, Templeton Foundation, 1999-2005, 2006-12
Board of Trustees, TWC Foundation, 2006-12
Planning Committee, Templeton Foundation, 2005-6
British Council Associate Advisor, 1997-8
Nuffield Foundation Grants Panel, 1998-
Awards Committee, Royal Astronomical Society, 1998-2002
Co-organiser, Newton Institute Cambridge programme, Statistics
and Astronomy, August 1999.

Millennium Mathematics Project, Management Committee, 1999-
Millennium Mathematics Committee, Executive Committee, 1999-
Organising Committee Marcel Grossmann Meeting, Rome, 2000.
Council of the Royal Astronomical Society, 1999-2002
THES and OUP Science Writing Prize Judge, 1999-2000, 2002-3
Board of Governors, Cheshunt Foundation, 2000-
Board of Continuing Education, Cambridge University, 2001-2.
Inst. of Continuing Education, Cambridge, Board member, 2002-4
Finance Committee, Board of Continuing Education, Cambridge
University, 2001-2.
Finance Committee, Inst. of Continuing Education, Cambridge
University, 2002-4
CARET Advisory Board, Cambridge 2002-3
Gruber Cosmology Prize Committee, 2000-3.
Board of Governors, Westminster College, Cambridge, 2001-
Chair, Audit Committee, Westminster, College, 2008, 2009.
International Advisory Committee CosPA, Taiwan, 2002-3
Forum 21, 2002-4
Chair, EPSRC Culture and Creativity Grants Panel, 2004.
Advisory Committee, Einstein Centenary Meeting, Paris, 2005.
Audit Committee, Westminster College, Cambridge, 2005-10
Scientific Advisory Board, Foundation Questions in Physics and
Cosmology (FQX) Project, 2005-
Royal Society A-Awards Committee, 2005-8.
Editorial Advisory Board, University of Cambridge 800th
Anniversary Volume, 2006-8
International Advisory Committee, CosPA International
Symposium on Particle Physics & Cosmology, Taipei, 2006.
Patron, Cambridge Science Festival, 2007-9
Cambridge Science Week Patrons Committee, 2007-
Trustee, Van Mildert College Trust, Durham University, 2007-
2011.
Scientific Advisory Board, World Science Festival, New York,
2008.
Royal Society A-Awards Committee, 2005-8
International Advisory Committee, UNESCO Symposium for
International Year of Astronomy, Paris 2009.
Programme Committee, International Conference to Commemorate
400 years of the Telescope, Beijing, Oct 2008.
Cosmology and Philosophy, Oxford 2009, Programme Organising
Committee
European Project SCIENAR Board Member 2009-
British Association for the Advancement of Science, Physics and
Astronomy Section committee, 2008-

European Mathematics Society Committee on Public Awareness of Mathematics, 2008-12

Newton International Fellowship Committee Royal Society (2011-13)

Cambridge University, Mathematics Depts., Senior Promotions Committee, 2010-

Eurasian International Advisory Board, Templeton Foundation, 2011-13

Gresham College Council, Mercers Company and Corp. of London, 2011-12

Gresham College Academic Board, 2007-

OCR/UCLES Mathematics Council, 2011-2

Mathematics Advisory Group to Governor of the Bank of England, 2011-2

Scientific Organising Committee COSMO 2013, Cambridge.

Scientific Organising Committee, Texas Symposium in Relativistic Astrophysics, Dallas 2013.

Telescope Time: J. Kapetyn and Isaac Newton Telescopes, La Palma, (7 nights), 1987.

Anglo-Australian Telescope, (3 nights), April 1998.

Memberships: Fellow of the Royal Astronomical Society (FRAS).
Fellow of the Institute of Physics and Chartered Physicist (CPhys FInstP) 1998

International Astronomical Union, Member of Commission 47.

Forum Fellow, World Economic Forum, Davos, Switzerland 1999, 2000.

Fellow of the Royal Society of Arts (FRSA), elected 1999.

International Society for Science and Religion (ISSR), elected 2002.

Fellow of the Royal Society of London (FRS), elected 2003.

L'Academie Internationale de Philosophie des Sciences, Titular Member, elected 2009.

Misc: John D. Barrow Drama Room named at Cranbrook School, Kent, 2007.

John Barrow Dissertation Prize created at Van Mildert College, Durham University, 2007.

BOOKS

- B1. The Left Hand of Creation: The Origin and Evolution of the Expanding Universe, 1983. Pp. 256. Basic Books, New York and Heinemann, London (with J Silk); paperback eds by Allen & Unwin, London and Basic Bks., NY; 2nd enlarged edition 1995, pp 262, publ. Oxford UP, NY and Penguin, London + various languages.

- B2. L'Homme et le Cosmos, 1984. Pp. 113, Radio France Imago, Paris (with F J Tipler).
- B3. The Anthropic Cosmological Principle, 1986. Pp. 706, Oxford University Press, Oxford and New York+ various languages (with F J Tipler), 2nd edn. 1996.
- B4. The World Within the World, 1988. Pp. 398, Oxford University Press, London and NY, hard and paper; 2nd edn 1995 and various languages.
- B5. Theories of Everything: The Quest for Ultimate Explanation, 1991. Pp. 223, Oxford University Press, London and NY, and various languages. Paperback edns by Vintage, London and Ballantine, NY.
- B6. Pi in the Sky: Counting, Thinking and Being, 1992. Pp. 317, Oxford University Press, London and NY, and various languages. Paperback edns by Penguin, London and Little Brown, NY.
- B7. Perche il Mondo e Matematico?, 1992. Pp. 108, (1991 Sigma-Tau-Laterza Lectures) Laterza , Rome and various languages.
- B8. The Origin of the Universe, 1993. Pp. 150, Basic Books, NY and Orion, London (and 26 languages).
- B9. The Artful Universe, 1995. Pp. 274, Oxford University Press, London and NY and various languages. Paperback edns by Penguin, London and Little Brown, NY.
- B10. Impossibility: the limits of science and the science of limits, 1998. Oxford U.P., Oxford and NY. Pp. 279 and various languages.
- B11. Between Inner Space and Outer Space, 1999. Oxford U.P., Pp. 274 + various languages.
- B12. The Universe that Discovered Itself, 2000. Oxford U.P. , London and New York, pp. 448.
- B13. The Book of Nothing, 2000. Jonathan Cape London & Pantheon NY (2001) + various languages, pp.361.
- B14. Infinities, 2002. Editizione Piccolo Teatro di Milano, Milan in Italian, pp. 94.
- B15. The Constants of Nature: From Alpha to Omega, 2002. Jonathan Cape, London and 2003 Pantheon NY+ various languages, pp. 353.
- B16. The Infinite Book: A Short Guide to the Boundless, Timeless and Endless, 2005. Jonathan Cape and Vintage London and Pantheon NY+ various languages, pp. 328.
- B17. The Artful Universe Expanded, 2005. 2nd edn Oxford UP, London and NY, pp. 321. paperback edn OUP (2011).
- B18. New Theories of Everything, 2007. 2nd expanded edn., Oxford UP, Oxford and NY, pp. 260.
- B19. Cosmic Imagery: Key Images in the History of Science, April 2008. Bodley Head, Random House, London and W.W. Norton, NY, Paidos, madrid and Mondadori, Milan, pp. 610.
- B20. One Hundred Essential Things You Didn't Know You Didn't Know, Oct 2008. Bodley Head, Random House, London and W.W. Norton, NY, + various languages, pp.254.
- B21. Essential Things You Didn't Know You Didn't Know, 2010. E-book, Bodley Head, London, pp.56.
- B22. The Book of Universes, Feb. 2011. Bodley Head, Random House and Norton USA, pp. 354.

B23 One Hundred Essential Things You Didn't Know You Didn't Know About Sport, March 2012, Bodley Head, Random House and Mathletics, W. Norton USA, June 2012.

AUDIO BOOKS

A1 The Origin of the Universe, (3.5 hours reading by JD Barrow) Orion Audio Books, London, 1997

A2 Essential Things You Didn't Know You Didn't Know, Bodley Head. 2010.

ART PROJECTS

P1 Connections in Space. 2006. CD Rom on mathematical and artistic aspects of space, with R. Bright, M. Kemp and N. Mee (online version at <http://www.btinternet.com/~connectionsinspace/index.html>)

P2 Venice Biennale, 2003. Materials contributed to Katie Holten's Laboratorio della Vigna exhibit representing Ireland (www.IrelandattheVeniceBiennale.ie).

THEATRE SCRIPT

T1 'Infinities'. Performed in Italian at the Teatro Piccolo, Milan, directed by Luca Ronconi, 8-28th March 2002 and 5 May-2nd June 2003. Performed in Spanish at Nave de Sagunto, Valencia, directed by Vincente Genovès, 19th April-12 May 2002. Winner of the Italian 2002 Premi Ubu award for best play (Spettacolo dell'anno) and 2003 Italgas Prize for scientific contributions to Italian culture.

NEWSPAPER COLUMNS

N1 Why lightweight weightlifters are stronger than heavyweights. It's Not Rocket Science Daily Telegraph Olympic London 2012, July 28 2012, p. S38

N2 How do archers shoot straight when the laws of physics state they should always miss? It's Not Rocket Science Daily Telegraph Olympic London 2012, July 30, p. S38

N3 Understanding how to beat the drag factor can help break records in the swimming pool. It's Not Rocket Science Daily Telegraph Olympic London 2012, July 31, 2012, p. S38

N4 Why do Olympic organisers insist on turning the heat up in the velodrome? It's Not Rocket Science Daily Telegraph Olympic London 2012, Aug. 1, 2012, p. S38

N5 Why can the seating pattern in a rowing boat be so crucial in the pursuit of gold? It's Not Rocket Science Daily Telegraph Olympic London 2012, Aug 2, 2012, p. S38

N6 How heptathlon's scoring system has helped lift Jessica Ennis' medal chances, It's Not Rocket Science Daily Telegraph Olympic London 2012, Aug. 3, 2012, p. S38

N7 Why just running fast is not enough for Usain Bolt to break the world record in the 100m. It's Not Rocket Science Daily Telegraph Olympic London 2012, Aug. 4, 2012, p. S38

N8 Is there an advantage gained from being right- or left-handed in racket sports? It's Not Rocket Science Daily Telegraph Olympic London 2012, Aug. 6, 2012, p. S38

N9 Why is the Fosbury Flop the best way for high jumpers to clear the bar at Olympics? It's Not Rocket Science Daily Telegraph Olympic London 2012, Aug. 7, 2012, p. S38

N10 Does having more people on board your canoe necessarily make it much faster? It's Not Rocket Science Daily Telegraph Olympic London 2012, Aug 8, 2012, p. S38

N11 How do divers pull off the twists which propel them to Olympic gold medals? It's Not Rocket Science
Daily Telegraph Olympic London 2012. Aug. 9, 2012 p. S38

N12 Why do basketball players seem to hang in the air when they are slam-dunking? It's Not Rocket
Science Daily Telegraph Olympic London 2012, Aug. 10, 2012, p.S38

N13 How do footballers achieve the swerve that has goalkeepers grasping at thin air? It's Not Rocket
Science Daily Telegraph Olympic London 2012, Aug. 11, 2012, p. S37

REVIEWS

I have also written a large number reviews of books or other pieces of journalism for newspapers, magazines and journals in many languages. These are not listed here. Some were collected and published as the book (B11 above) *Between Inner Space and Outer Space*, 1999. Oxford U.P., Pp. 274.
