

Georg Klein Publications 1951-1980

1. Klein, G

Development of a spectrum of ascites tumors.

Exp. Cell Res. 1951, 2:291- 294.

2. Klein, G

Conversion of solid into ascites tumors

Nature, 1953, 171:398-399.

3. Klein, G., Klein, E

The evolution of independence from specific growth stimulation and inhibition in mammalian tumour cell populations.

Symposia of the Society for Experimental Biology, 1957, 11:305-328.

4. Klein, G., Klein, E

Histocompatibility changes in tumors

J. Cell. and Comp. Physiol. 1958, 52: Supp.1, 125-168.

5. Klein, G

Variation and selection in tumor cell populations

Canadian Cancer Conf., 1959, 3:215-240

6. Klein, E., Klein, G., Hellström, K.E

Further studies on isoantigenic variation in mouse carcinomas and sarcomas

J.Nat.Cancer Inst., 1960, 25:271-294.

7. Klein, G., Sjögren, H.O., Klein, E., Hellström, K.E

Demonstration of resistance against methylcholanthrene-induced sarcomas in the primary autochthonous host

Cancer Res., 1960, 20:1561-1572.

8. Sjögren, H.O. Hellström, I., Klein, G

Resistance of polyoma virus immunized mice against transplantation of established polyoma tumors

Exp. Cell Res., 1961, 23:204-208

9. Klein, G., Sjögren, H.O., Klein, E.

Demonstration of host resistance against isotransplantation of lymphomas induced by Gross agent.

Cancer Res., 1962, 22: 955-961

10. Klein, G., Klein, E.

Antigenic properties of other experimental tumors.

Cold Spring Harbor Symp. Quant. Biol., 1963, 27: 463-470.

GEORGE KLEIN'S Selected Publications 1951-1980
