Jürg Kramer

Personal Details

Date, place of birth	3rd of June 1956, Zürich, Switzerland
Title / Position	Professor of Mathematics, Humboldt University at Berlin, Department of Mathematics, Head of the Department

Education and Profession

1980	Diploma in Mathematics (major), Physics and Astronomy (minors), University of Basel
1985	Ph.D. in Mathematics, University of Basel
1993	Habilitation in Mathematics, ETH Zürich

International Experience / Positions held

1985	Max Planck Institute for Mathematics, Bonn
1986	Harvard University, Cambridge MA
1991	Visiting professor at the University of Michigan, Ann Arbor
1993	Associate professor at the Université Laval, Québec
1994-	Professor of Mathematics at Humboldt University, Berlin
1998	Visiting professor at the Isaac Newton Institute, Cambridge UK
1999	Visiting full professor at the Université Paris-Sud, Orsay
2002-2004	Member of the Council of Humboldt University
2002-	Member of the DFG Research Center MATHEON "Mathematics for Key Technologies"
2004-	Member and speaker of the DFG International Research Training Group "Arithmetic and Geometry"
2007-	Member of the Executive Board of the DFG Research Center MATHEON
2007-	Speaker of the Berlin Mathematical School

Research Fields

Our group is active in the following mathematical fields: arithmetic algebraic geometry, theory of automorphic forms and Arakelov invariants. Furthermore we are concerned with teaching of mathematics, furtherance of gifted high school students and popularization of mathematics.
