

Professor Carlo Arrigo Umiltà – List of Publications

Corazza, R., Endo, M., Tradardi, V., & Umiltà, C. (1968). Tonic neuronal activity of the central visual pathways during dark adaptation. *Archives Italiennes de Biologie*, **106**, 270-282.

Corazza, R., Tradardi, V., & Umiltà, C. (1969). Type of response to steady illumination and level of neuronal dark discharge in the central visual pathways. *Brain Research*, **16**, 121-132.

Hyman, R., & Umiltà, C. (1969). The information hypothesis and non-repetitions. In W.G. Koster (Ed.), *Attention and Performance II* (pp. 37-53). Amsterdam: North-Holland.

Corazza, R., Tradardi, V., & Umiltà, C. (1971). Tonic responses to steady diffuse illumination of the maintained neuronal discharge in the cat visual pathways. *Brain Research*, **27**, 241-250.

Berlucchi, G., Heron, W., Hyman, R., Rizzolatti, G., & Umiltà, C. (1971). Simple reaction times of ipsilateral and contralateral hand to lateralized visual stimuli. *Brain*, **94**, 419-430.

Rizzolatti, G., Umiltà, C., & Berlucchi, G. (1971). Opposite superiorities of the right and left cerebral hemispheres in discriminative reaction time to physiognomical and alphabetical material. *Brain*, **94**, 431-442.

Corazza, R., Tradardi, V., & Umiltà, C. (1972). Influence of wakefulness and synchronized sleep upon the tonic response to steady, diffuse illumination of cat's central visual path neurons. *Brain Research*, **36**, 459-462.

Umiltà, C., Frost, N., & Hyman, R. (1972). Interhemispheric effects on choice reaction times to one-, two-, and three-letter displays. *Journal of Experimental Psychology*, **93**, 198-204.

Umiltà, C., Snyder, C.R.R., & Snyder, M. (1972). Repetition effects as a function of event uncertainty, response-stimulus interval, and rank order of the event. *Journal of Experimental Psychology*, **93**, 320-326.

Umiltà, C., Stadler, M., & Trombini, G. (1973). The perception of temporal order and the degree of eccentricity of the stimuli in the visual. *Studia Psychologica*, **15**, 130-139.

- Umiltà, C., Rizzolatti, G., Marzi, C.A., Zamboni, G., Franzini, C., Camarda, R., & Berlucchi, G. (1974). Hemispheric differences in the discrimination of line orientation. *Neuropsychologia*, **12**,165-174.
- Berlucchi, G., Brizzolara, D., Marzi, C.A., Rizzolatti, G., & Umiltà, C. (1974). Can lateral asymmetries in attention explain interfield differences in visual perception? *Cortex*, **10**,177-185.
- Umiltà, C. (1975). The role of hemispheric specialization in processing visual information. In G.B. Flores d'Arcais (Ed.), *Studies in Perception* (pp. 421-442), Milano: Martello.
- Battacchi, M.W., Brizzolara, D., Dellantonio, A., Ravenna, M., & Umiltà, C. (1975). Different memory functions for stops and vowels. *Italian Journal of Psychology*, **2**,197-207.
- Bertacchini, P.A., Canestrari, R., & Umiltà, C. (1975). An analysis of verbal behavior in socially isolated groups. *Italian Journal of Psychology*, **2**, 89-98.
- Umiltà, C., Simion, F., & Hyman, R. (1976). The repetition effect for verbal and nonverbal stimuli in the two visual fields. *Italian Journal of Psychology*, **3**, 305-316.
- Umiltà, C., Bagnara, S., & Simion, F. (1978). Laterality effects for simple and complex geometrical figures, and nonsense patterns. *Neuropsychologia*, **16**, 43-49.
- Làdavas, E., Umiltà, C., & Provinciali, L. (1978). Hemispheric dependent cognitive disabilities in epileptic patients. *Italian Journal of Psychology*, **5**, 73-79.
- Umiltà, C., Brizzolara, D., Tabossi, P., & Fairweather, H. (1978). Factors affecting face recognition in the cerebral hemispheres: Familiarity and naming. In J. Requin (Ed.), *Attention and Performance VII* (pp. 363-374). Hillsdale (N.J.): Erlbaum.
- Battacchi, M.W., Pelamatti, M.G., Tessarollo, M., & Umiltà, C. (1978). Short-term memory functions for different locations of stop consonants in the syllable. *International Journal of Psycholinguistics*, **5**, 5-19.

Bagnara, S., Roncato, S., Simion, F., & Umiltà, C. (1978). Different levels in the processing of simple geometrical figures. *Perceptual and Motor Skills*, **47**, 511-514.

Berlucchi, G., Brizzolaro, D., Marzi, C.A., Rizzolatti, G., & Umiltà, C. (1979). The role of stimulus discriminability and verbal codability in hemispheric specialization for visuospatial tasks. *Neuropsychologia*, **17**, 195-202.

Làdavas, E., Umiltà, C., & Provinciali, L. (1979). Hemispheric-dependent cognitive performances in epileptic patients. *Epilepsia*, **20**, 493-502.

Ferrero, F.E., Michelotti, E., Pelamatti, M.G., Umiltà, C., & Vaggel, K. (1979). Auditory and phonetic processing of Italian voiceless fricatives shortened in duration. *Italian Journal of Psychology*, **6**, 237-249.

Umiltà, C., Salmaso, D., Bagnara, S., & Simion, F. (1979). Evidence for a right hemisphere superiority and for a serial search strategy in a dot detection task. *Cortex*, **15**, 597-608.

Umiltà, C., Sava, D., & Salmaso, D. (1980). Hemispheric asymmetries in a letter classification task with different typefaces. *Brain and Language*, **9**, 171-181.

Làdavas, E., Umiltà, C., & Ricci-Bitti, P.E. (1980). Evidence for sex differences in right-hemisphere dominance for emotions. *Neuropsychologia*, **18**, 361-366.

Simion, F., Bagnara, S., Bisiacchi, P., Roncato, S., & Umiltà, C. (1980). Laterality effects, levels of processing, and stimulus properties. *Journal of Experimental Psychology: Human Perception and Performance*, **6**, 184-195.

Bagnara, S., Simion, F., Umiltà, C., & Roncato, S. (1980). Sex-related differences in hemispheric asymmetries in processing simple geometrical figures. *Perceptual and Motor Skills*, **51**, 223-229.

Battacchi, M.W., Pelamatti, G.M., Michelotti, E., & Umiltà, C. (1981). On the acoustic information stored in echoic memory. *International Journal of Psycholinguistics*, **8**, 17-29.

Umiltà, C. (1981). Neuropsychology and behaviour. *Progress in Scientific Culture*, **6**, 60-62.

Fairweather, H., Brizzolara, D., Tabossi, P., & Umiltà, C. (1982). Functional cerebral lateralisation: Dichotomy or plurality? *Cortex*, **18**, 51-66.

Bagnara, S., Boles, D.B., Simion, F., & Umiltà, C. (1982). Can an analytic/holistic dichotomy explain hemispheric asymmetries? *Cortex*, **18**, 67-78.

Salmaso, D., & Umiltà, C. (1982). Consonant and vowel processing in the left and right visual fields. *Brain and Language*, **16**, 147-157.

Simion, F., Bagnara, S., Roncato, S., & Umiltà, C. (1982). Transformation processes upon the visual code. *Perception and Psychophysics*, **31**, 13-25.

Nicoletti, R., Anzola, G.P., Luppino, G., Rizzolatti, G., & Umiltà, C. (1982). Spatial compatibility effects on the same side of the body midline. *Journal of Experimental Psychology: Human Perception and Performance*, **8**, 664-673.

Ferrero, F.E., Pelamatti, G.M., Vaggies, K., & Umiltà, C. (1982). Continuous and categorical perception of a fricative-affricate continuum. *Journal of Phonetics*, **10**, 231-244.

Trombini, G., Rossi, N., Umiltà, C., & Baccarani, C.P. (1982). Experimental stress and cystomanometric recordings of patients with primary enuresis, a preliminary report. *Perceptual and Motor Skills*, **54**, 771-777.

Mazzucchi, A., Cattelani, R., & Umiltà, C. (1983). Hemispheric prevalence in acoustical attention. *Brain and Cognition*, **2**, 1-11.
